Create Account

By creating an account on Nolan Cloud Services, you will begin your 30-day free trial.

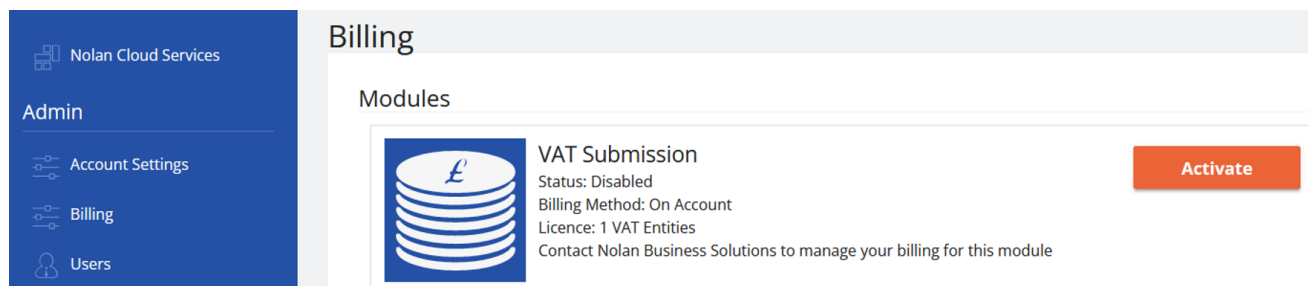

Please bear in mind however, you will not be able to submit a VAT Return until your account has been **Activated**.

Admin

Manage users, account and billing settings

Now simply select **Billing** and the **Activate** button beside the module you wish to use as seen below.

The screenshot shows a web interface for 'Nolan Cloud Services'. On the left is a dark blue sidebar with the text 'Nolan Cloud Services' at the top. Below it, under the heading 'Admin', are three menu items: 'Account Settings', 'Billing', and 'Users'. The 'Billing' item is highlighted. The main content area has a light grey header with the word 'Billing'. Below this is a section titled 'Modules'. A single module is listed: 'VAT Submission'. To the left of the text is an icon of a stack of coins with a pound symbol (£). The text for the module is: 'VAT Submission', 'Status: Disabled', 'Billing Method: On Account', 'Licence: 1 VAT Entities', and 'Contact Nolan Business Solutions to manage your billing for this module'. To the right of the module text is an orange button with the word 'Activate' in white.

You will now be asked to fill in your **Billing** details as seen below.

Activate your Nolan Cloud Services Module

Once payment has been confirmed, your account will then be **Activated** by a member of the Nolan Admin Team.

Now that your account has been activated, you will need to download the ERP Connector which will connect your ERP system to Nolan Cloud Services. Please see the next section for further instructions.

Downloading the ERP Connector

On the NCS homepage, select **VAT Submission**

VAT Submission

License: 1 VAT Entities

Manage your VAT data and submit VAT Returns to
HMRC through MTD gateway

Then click **Home**.

VAT Submission

Home

VAT Entities

Financial Companies

Financial VAT Data

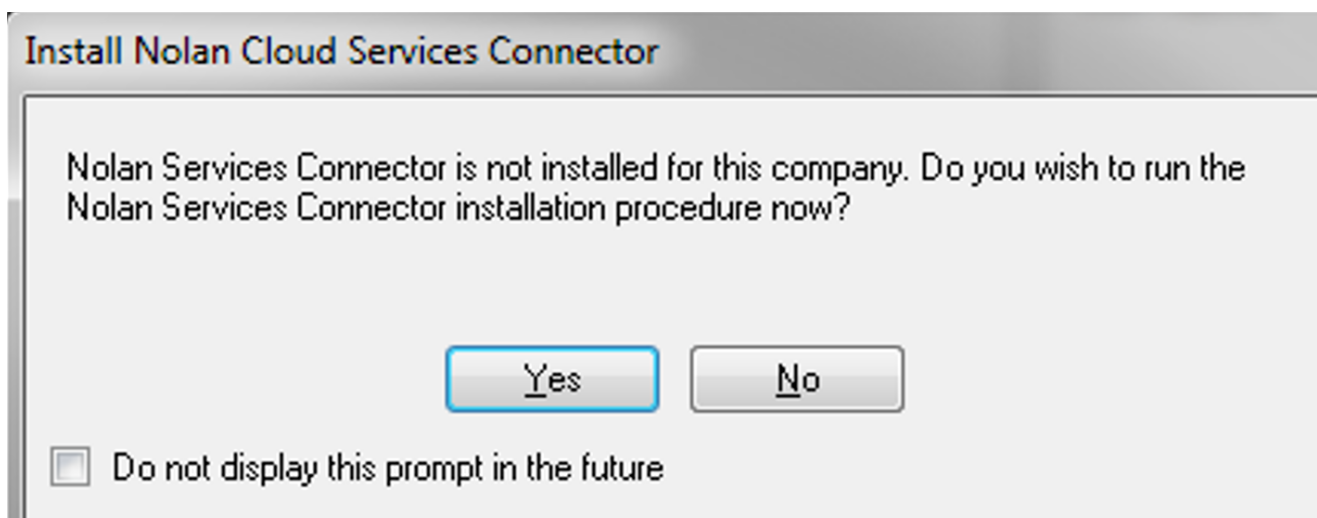

This will bring you to the install screen for the **ERP Connector**. You will need to download the correct version for the **Connector** as seen below.

GP (Version 18.04) ▼

Download

Once downloaded, follow the guide below to install the Connector:

1. Run the installer and install the Connector to your Dynamics GP client directory. You will need to install the Connector on to each of your Dynamics GP Clients.
2. Once the install is complete, run Dynamics GP in **Administrator** Mode and log in as '**sa**'. When prompted to '**Include new code**', click '**Yes**' and wait for GP to start-up.
3. You will be prompted to install the Nolan Cloud Services Connector in Dynamics GP. Click '**Yes**' and the Install window will open.

4. Install the Connector.

Install

Select the **Companies** where you would like to install the **Connector**, you will only need to install it to companies which have **VAT Daybook** installed as these are the only ones which will submit VAT information.

Click the **Install** button to complete the install procedure and open the VAT Submission Wizard.

5. Connect to your Nolan Cloud Services Account.

VAT Submission Setup Wizard

Welcome to the VAT Submission Setup Wizard

This wizard will take you through the steps needed to connect GP to your Nolan Cloud Services Account, and automatically upload VAT information

Enter your Nolan Cloud Service Authentication Token and Account Number
