<input checked="" type="checkbox"/> Thursday	<input checked="" type="checkbox"/> Friday	<input type="checkbox"/> Saturday	
<input type="checkbox"/> Sunday			

Criteria

Navigation: |< < > >| by ID

Enabled – A checkbox that decides if the task is enabled or disabled.

Start time – The first time that the task should be run.

Recurring – When enabled this allows the task to be run multiple times between the Start and Finish time.

Days of week to run task – Checkboxes that control which days of the week the task will be run.

Criteria Button – This will open the Criteria form. This form will allow selection criteria to be configured that will drive which actions will be performed. Each Task Type will open a different Criteria form. A Task with a Task Type of “POSTING” will open the “Posting Criteria” form. Criteria forms are described later in this document.
